INTRODUCTION

This handbook is for any group, business or individual wishing to apply for LEADER funding. It will give you an overview of the LEADER Programme in County Leitrim and the various plans and partners involved in the programme. It will also give you information on who can apply, the types of projects which are eligible for funding and the rates of funding available. It is important that you read this booklet in full in order to understand the process to be followed if you are interested in applying for LEADER funding in County Leitrim.

Signing of the contract to deliver the LEADER programme by Leitrim Local Community Development Committee and Partners.

What is LEADER?

The LEADER Initiative (Liaisons entre actions de développement de l'économie rurale - links between actions of rural development) was established by the European Commission in 1991 and is a method of mobilising and delivering rural development in local rural communities.

LEADER uses a 'bottom-up' or community led local development approach to rural development. It is part of the overall Rural Development Programme (RDP) 2014-2020 which includes a range of both on and off farm support measures for the sustainable development of rural Ireland.

While the overall RDP is delivered by the Department of Agriculture, Food and the Marine, LEADER is administered by the Department of Arts, Heritage, Regional, Rural and Gaeltacht Affairs. The priority of LEADER is to promote social inclusion, poverty reduction and economic development in rural areas.

LEADER is a French acronym which roughly translates as 'Links between actions of Rural Development'. LEADER is a community led approach to local development delivering EU funding into rural businesses and communities through Ireland's Rural Development Programme 2014-2020. It promotes social inclusion, poverty reduction and the economic development of rural areas.

LEADER in County Leitrim

The Leitrim Local Community Development Committee (LCDC) is the Local Action Group with ultimate responsibility for the delivery, implementation and finances of the LEADER programme. LCDC's were established in all Local Authority areas and are part of Local Government Reform. The LCDC comprises of representatives of the Local Authority, other state agencies, community and voluntary sector and social partners.

The LEADER elements of RDP 2014-2020 will provide €5,998,474 over the lifetime of the programme to support the sustainable development of County Leitrim. Leitrim Development Company, a partner on the LCDC will be the Implementing Partner with responsibility for implementing actions in the county on behalf of the Local Action Group, the LCDC. Leitrim County Council will be the lead Financial Partner with overall responsibility for the administrative and financial management of the programme.

Local Action Group (LAG) with ultimate responsibility for LEADER. Comprises of representatives from the Local Authority, other state agencies, community, voluntary and social partners.

Lead Implementing Partner with responsibility for implementing actions on behalf of the LAG. Responsible for administration and animation of project applications. Main communication point for the programme.

Lead Financial Partner with responsibility for maintaining and retaining records of all financial aspects of the programme. Leitrim County Council will also be responsible for making payments to project promoters on behalf of the LAG.

The Local Development Strategy (LDS)

In the context of LEADER, the Local Development Strategy is a plan developed by the LAG through consultation with rural communities. Local Development Strategies are designed through a “bottom-up” process facilitating participation by any member of the rural community. Leitrim Development Company as lead Implementing Partner undertook the consultation for the development of the strategy in County Leitrim in Autumn 2015. People had an opportunity to have their say about the priorities for the programme through the consultation process.

The LDS determines the needs in a local area and the LAG, the LCDC will make decisions on what types of investment are best suited to address those needs. The LDS examines the strengths, weaknesses, opportunities and threats that face the county and outline the types of actions to be supported to address these. The three programme themes are:

- Economic Development, Enterprise Development and Job Creation
- Social Inclusion
- Rural Environment.

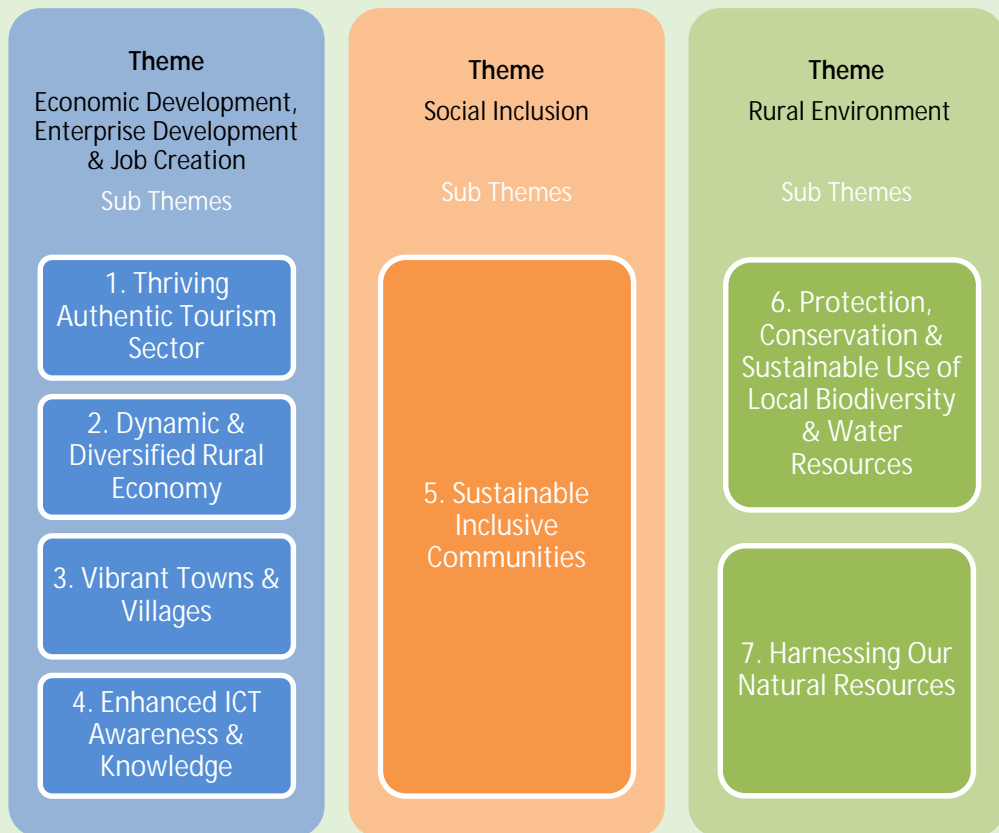

The Vision for the Local Development Strategy is;

“Through a coherent strategy, we strive towards a vibrant, healthy rural economy in County Leitrim delivering actions which will transform rural communities into stable, thriving socio economic hubs of inclusive community spirit, environmental best practice and superior quality of life.”

PROGRAMME THEMES

The Leitrim Local Development Strategy has identified a number of sub themes / priorities as set out within the three LEADER themes.

It should be noted that LEADER is delivered through the Local Development Strategy and that specific projects funded will depend on the individual needs, objectives and actions identified in the Leitrim Local Development Strategy. The Local Development Strategy is available to read on www.ldco.ie

Please note that the grant amount will depend on:

- the type of project
- the benefits of the project in terms of jobs, target groups, etc.
- the size of the project/business and
- the costs involved (NB: not all the costs of a project may qualify for funding).

The minimum allowable grant available is €1,250. This threshold may be increased by the LCDC for project specific calls.

Applying for Funding

There are two stages in the application process for LEADER;

Stage 1 Expression of Interest (EOI)

Stage 2 Full Application

Please note that those wishing to make an application for funding must complete and submit an Expression of Interest Form.

Expression of Interest Forms can be found on www.ldco.ie or alternatively contact Leitrim Development Company directly for a hard copy.

Expression of Interest Forms can be submitted at any stage throughout the programme subject to funding availability, however, please note that time limited calls for EOIs will take place for a number of different categories of funding.

Information on targeted / time limited calls together with details on deadlines will be published. The purpose of this type of call is to ensure that LEADER funding is targeted where it delivers the most value and is awarded based on a comparative assessment, secures

equal opportunities for all potential applicants and ensures that funding is available for the duration of the programme.

Targeted/time limited calls will be widely publicised on www.ldco.ie, in the local media/information meetings. All those wishing to apply for funding should familiarise themselves with the different closing dates. The EOI form facilitates an initial engagement with the programme.

The form can be submitted electronically or in hard copy. All hard copy forms must be addressed to Rural Development Section, Leitrim Development Company, Church Street, Drumshanbo, County Leitrim or email to leader@ldco.ie

After the EOI form is submitted, the Form is checked to ensure that it is fully complete. If information is missing, the EOI form will be returned to you to supply the missing information.

How your information is reviewed

EOI Forms will be reviewed to ensure that the proposed project is eligible under the programme, that it is in line with the Local Development Strategy Themes and Objectives and that there is sufficient funding to consider your project.

After you submit your EOI, you will receive an acknowledgement letter stating whether your proposed project is eligible in principle. If your proposed project is considered eligible in principle you will be invited to progress to application stage. At this stage you/your group, organisation or business will be issued with Guidance Notes/Project Specific Guidance Notes and an Application Form. Please note that being invited to submit a Full Application

is no guarantee of receiving grant funding.

If it is determined that your proposal is not eligible in principle the reason(s) will be outlined to you/your group, organisation or business.

The LEADER team within Leitrim Development Company will support you throughout the Application process and therefore if you have any questions regarding the EOI Form or the Application process, please contact a member of the LEADER team. We hope you will find this handbook useful in understanding LEADER and the application process.
